

METALLURGIA

THE BRITISH JOURNAL OF METALS

Index to Vol. XXIII.

November, 1940—April, 1941.

KENNEDY PRESS LIMITED

— 21, Albion Street —

GAYTHORN, MANCHESTER 1

INDEX

	Page		Page		Page
A		British Machine Tool Industry—Its Future, The	141-143	Die-Cast Zinc Alloys, Electroplating. By E. E. Halls.....	129-132
Aluminium Magnesium Alloys to Attack by Sodium Carbonate Solutions, Resistance of.....	15-16	British Machine Tools, Development of. By William Ashcroft.....	144-146	Diffusion in Solid Aluminium	140
Aluminium, Secondary.....	36	Barium and Its Minerals. By L. Sanderson.....	163-164	Development of British Machine Tools. By William Ashcroft.....	144-146
Alloy Steel Production, Some Developments in. By J. H. G. Monypenny, F.Inst.P.....	37-39	C		Die-Cast Silicon-Aluminium Alloy Pistons, Unsoundness in Gravity	177
Alloy Castings, Developments in Zinc. By E. E. Halls.....	47-50	Castiron Containing Copper	3	Die-Castings, Organic Finishes on Zinc-Base. By E. E. Halls.....	182-186
Aircraft Materials, Increased Uses of Aluminium Scrap for. By H. F. James.....	52	Copper, Castiron Containing	3	Developments in Metal Extrusion ..	188
Alloys, Their Composition and Uses, Some New Ferrous and Non-Ferrous.....	57-58	Corrosion of Mild and Copper-Bearing Steel Panels in Iron Ore Wagons, The. By L. Reeve, Ph.D. B.Sc.....	23-24	E	
Aircraft, Magnesium in.....	68	Castings, Developments in Zinc Alloy. By E. E. Halls.....	47-50	Examination of Metals by Ultrasonics, The. By A. Behr, B.Sc.....	7-11
Abrasive Wheel Fabrication, New Synthetic Resins in.....	70	Combustion Engines, Metallurgical Factors Governing the Selection of Light Alloys for Internal	74	Electrolytic Polishing of Stainless Steels, The. By H. H. Uhlig.....	12-14
Alloys for Internal Combustion Engines, Metallurgical Factors Governing the Selection of Light	74	Chromium Steels, Influence of the Rate of Cooling on the Transformations and Properties of	74	Effects of Molybdenum in Steel, Fundamental	58
Alloys, Magnesium Alloy Pressure Die Castings—with Special Reference to Elektron.....	75-77	Castings with Special Reference to Elektron Alloys, Magnesium Alloy Pressure Die	75-77	Electrical Engineering Progress	65-68
Alloy Dies for Aircraft Stampings, Zinc.....	78	Components, Alkaline Cleaners for Cleaning Metal. By P. Mabb.....	81-83	Elektron Alloys, Magnesium-Alloy Pressure Die-Castings with Special Reference to	75-77
Alkaline Cleaners for Cleaning Metal Components. By P. Mabb.....	81-83	Conditioning of Surface Defects in Semi-Finished Steel, The	85-88	Electrical Detection of Flaws in Metallic Tubing	79-80
Applications, Metallic Lithium—Some Commercial. By Stephen Coleman.....	92	Case Hardening, Production Methods for. By A. J. Gibbs Smith.....	89-91	Equipment, Improved Facilities for the Manufacture of Heat-Treatment Furnace	93-94
Aluminium Supplement, Foreword to. By Col. W. C. Devereux.....	105-106	Commercial Applications, Metallic Lithium—Some. By Stephen Coleman.....	92	Export Trade Problems	98
Aluminium Industry, The British. By H. F. James.....	107-108	Cyaniding Process, Recent Investigations of the Dry. By D. W. Rudorff, A.Am.I.E.E., F.Inst.F.....	99-102	Effect of Prolonged Heating at 80° C. on Copper Wire, The. By E. Voce, Ph.D., M.Sc.....	103-104
Aluminium Alloy Extrusions, Trends in Manufacture and Future Applications of High Strength. By R. Worsdale.....	109-112	Copper Wire, The Effect of Prolonged Heating at 80° C. on. By E. Voce, Ph.D., M.Sc.....	103-104	Electroplating Die-Cast Zinc Alloys. By E. E. Halls.....	129-132
Alloys, The Spot Welding of.....	112	Concentration—The Problem of Compensation and the Case for Exports, Industrial. By Sir Francis Joseph, K.B.E.....	134	Exports, Industrial Concentration—The Problem of Compensation, and the Case for. By Sir Francis Joseph, K.B.E.....	134
Aluminium, The Practice of Marketing of. By R. J. Anderson, D.Sc.....	113-115	Characteristics of Standard Phosphor-Bronze-Alloys, The Physical Properties of Annealing. By Maurice Cook, D.Sc., Ph.D. and W. G. Tallis.....	135-139	Exposure Tests on Copper-Bearing and the other Irons and Steels in the United States, Atmospheric ..	178
Aluminium Production in the British Empire. By Norman L. Brown.....	115-116	Castings, Progress in Machine Tool. By E. Longden, A.M.I., Mech.E.....	147-149	F	
Aluminium, Further Prospects in the Utilisation of. By William Ashcroft.....	117-120	Canada's New Mining Record	156	Foundry, Medium Manganese Steels in the. By H. Taylor, B.Sc.....	1-2
Aluminium Alloys, An Investigation on Some Sources of Inaccuracy which May Arise in the Spectrographic Analysis of.....	121-122	Copper Alloys, Machining	157-158	Forging Monel, Nickel and Inconel 25-29	
Annealing Characteristics of Standard Phosphor Bronze Alloys, The Physical Properties of. By Maurice Cook, D.Sc., Ph.D. and W. G. Tallis.....	135-139	Corrosion Fatigue of Notched Cast-iron Specimens	170	Ferrous and Non-Ferrous Alloys: Some New, Their Composition and Uses	57-58
Aluminium, Diffusion in Solid.....	140	Copper Cobalt Silicide Alloys, Complex	174	Fundamental Effects of Molybdenum in Steel	58
Aluminium Alloys, Machining.....	150	Copper-bearing and other Irons and Steels in the United States, Atmospheric Exposure Tests on ..	178	Furnace Installations, Recent Heat-Treatment	59-63
Aluminium, The Practice of Marketing of Part II. By R. J. Anderson, D.Sc.....	154-156	Castings, Organic Finishes on Zinc-Base Die. By E. E. Halls.....	182-186	Fabrication, New Synthetic Resins in Abrasive Wheel	70
Application of the Polarograph in a Metallurgical Laboratory, The..	158	Cast-Iron, Hot-Tinting	186-187	Factors Governing the Selection of Light Alloys for Internal-Combustion Engines, Metallurgical ..	74
Aluminium Cobalt Iron System, An X-ray Investigation of the.....	160	D		Flaws in Metallic Tubing, Electrical Detection of	79-80
Austenitic Decay of a Vanadium Steel in an Undercooled Condition, The.....	166	Developments in Alloy Steel Production, Some. By J. H. G. Monypenny, F.Inst.P.....	37-39	Facilities for the Manufacture of Heat-Treatment Furnace Equipment, Improved	93-94
Alloys, Complex Copper Cobalt Silicide.....	174	Developments of Low-Alloyed, High-Speed Steel. By D. W. Rudorff, A.Am.I.E.E., M.Inst.F.....	43-46	Foreword to Aluminium Supplement. By Col. W. C. Devereux.....	105-106
Aluminium Alloy Pistons, Unsoundness in Gravity Die-Cast Silicon..	177	Developments in Zinc Alloy Castings. By E. E. Halls.....	47-50	Further Prospects in the Utilisation of Aluminium. By William Ashcroft.....	117-120
Alloy Pistons, Unsoundness in Gravity Die-Casting Silicon Aluminium.....	177	Die Castings—with Special Reference to "Elektron," Magnesium Alloy Pressure	75-77	Furnace Developments, Billet-Heating	123-126
Aluminium, The Practice of Marketing of. Part III. By R. J. Anderson, D.Sc.....	179-181	Dies for Aircraft Stampings, Zinc Alloy	78	Flame-Hardening Equipment	127-128
Aluminium Alloys, Quenching Stresses in.....	187	Detection of Flaws in Metallic Tubing, Electrical	79-80	Forgings, A Large Gas-Fired Installation for the Heat-Treatment of	161-163
B		Die Steel, A New. By L. Sanderson.....	80	Fatigue of Notched Cast-Iron Specimens, Corrosion	170
British Metallurgical Progress in Wartime.....	35	Defects in Semi-Finished Steel, The Conditioning of Surface	85-88	Formation and Properties of Martensite on the Surface of Rope Wire, The. By E. M. Trent, M.Met., Ph.D.....	171-174
British Aluminium Industry, The. By H. F. James.....	107-108	Dry Cyaniding Process, Recent Investigations of the. By D. W. Rudorff, A.Am.I.E.E., F.Inst.F.....	9-102	Furnaces, High-Temperature Metallic Resistor	175-177
Billet Heating Furnace Developments.....	123-126	Developments, Billet-Heating Furnace	123-126	Finishes on Zinc-Base Die Castings, Organic. By E. E. Halls.....	182-186
				G	
				Gas-Fired Installation for the Heat-Treatment of Forgings, A Large	161-163
				Gravity Die-Cast Silicon-Aluminium Alloy Pistons, Unsoundness In ..	177

	Page		Page		Page
H		Low-Alloyed, High-Speed Steel,		Minerals, Barium and Its. By L. Sanderson	163-164
High-Grade Steels, Making	39	Developments of. By D. W. Rudorff, M.Inst.F.	43-46	Metallurgy, Recent Research in Problems of Powder. By D. W. Rudorff, A.Am.I.E.E., M.Inst.F.	167-170
High-Speed Steel, Developments of Low-Alloyed. By D. W. Rudorff, A.Am.I.E.E.	43-46	Looking Ahead	69	Martensite on the Surface of Rope Wire, The Formation and Properties of. By E. M. Trent, M.Met.	171-174
Heat-Treatment Furnace Installations, Recent	59-63	Light Alloys for Internal-Combustion Engines, Metallurgical Factors Governing the Selection of ..	74	Metallic Resistor Furnaces, High Temperature	175-177
Hardness Testing of Micro-Specimens, Micro-Constituents and Minerals, The. By Hugh O'Neill, M.Met., D.Sc.	71-74	Lithium Metallic—Some Commercial Applications. By Stephen Coleman	92	Marketing Aluminium, The Practice of Part III. By R. J. Anderson, D.Sc.	179-181
Hot-Rolling Tests, Some	78	Light Alloys, The Spot Welding of Large Gas-Fired Installation for the Heat-Treatment of Forgings ..	161-163	Metal Extrusion, Developments in	188
Heat-Treatment Furnace Equipment, Improved Facilities for the Manufacture of	93-94				
Heating at 80° C. on Copper Wire, The Effect of Prolonged. By E. Voce, Ph.D., M.Sc.	103-104	M		N	
High-Strength Aluminium Alloy Extrusions, Trends in Manufacture and Future Applications of. By R. Worsdale	109-112	Medium Manganese Steels in the Foundry. By H. Taylor, B.Sc.	1-2	Non-Ferrous Metals, Secondary ..	6
Hardening Equipment, Flame ..	127-128	Metals, Secondary Non-Ferrous ..	6	Non-Metallic Inclusions in Steels. Quantitative Evaluation. Part I. By W. H. Hatfield, D.Met., F.R.S., and G. W. Giles, B.Sc.	18-22
High Iron Manganese Melts, The Reactions of	160	Metals by Ultrasonics, The Examination of. By A. Behr, B.Sc.	7-11	Nitrided Stainless Steels	24
Heat-Treatment of Forgings, A Large Gas-Fired Installation for the	161-163	Mild and Copper-Bearing Steel Panels, in Iron-Ore Wagons, The Corrosion of. By L. Reeve, Ph.D. B.Sc.	23-24	Nickel and Inconel, Forging Monel ..	25-29
High-Temperature Metallic Resistor Furnaces	175-177	Monel, Nickel and Inconel Forging ..	25-29	New Ferrous and Non-Ferrous Alloys: Their Composition and Uses. Some	57-58
Hot-Tinning Cast Iron	186-187	Micro-Hardness of Metals in Thin Layers	33-34	New Synthetic Resins in Abrasive Wheel Fabrication	70
		Metallurgical Progress in Wartime, British	35	New Die Steel, A. By L. Sanderson ..	80
I		Making High-Grade Steels	39	New Mining Record, Canada's	156
Industry, Leadership in	5	Metallurgical Progress in the Foundry in 1940. By J. G. Pearce, M.Sc., M.I.Mech.E.	40	Notched Cast-Iron Specimens, Corrosion Fatigue of	170
Iron and Steel Institute, The	17	Metallography of Inclusions in Cast Iron and Pig Irons, The	41-42		
Inclusions in Steel, Non-Metallic. Quantitative Evaluation. Part I. By W. H. Hatfield, F.R.S., and G. W. Giles, B.Sc.	18-22	Metallurgy, Some Scientific Problems Connected with Powder. By E. A. Bánó, Ph.D.	51-52	O	
Iron-Ore Wagons, The Corrosion of Mild and Copper-Bearings Steel Panels in. By L. Reeve, Ph.D.	23-24	Magnesium in Aircraft	68	Oxy-Acetylene Welding of Stainless Steels. By L. Sanderson	55-56
Inconel, Forging Monel, Nickel and ..	25-29	Micro - Specimens, Micro, Constituents and Minerals, The Hardness Testing of. By Hugh O'Neill, M.Met., D.Sc.	71-74	Organic Finishes on Zinc-Base Die Castings. By E. E. Halls	182-186
Industry in 1940, Tin and	31-33	Metallurgical Factors Governing the Selection of Light Alloys for Internal-Combustion Engines	74		
Irons, The Metallography of Inclusions in Cast-Iron and Pig ..	41-42	Magnesium Alloy Pressure Die-Castings—with Special Reference to "Elektron" Alloys	75-77	P	
Increased Uses of Aluminium Alloy Scrap for Aircraft Materials. By H. F. James	52	Metallic Tubing, Electrical Detection of Flaws in	79-80	Polishing of Stainless Steels, The Electrolytic. By H. H. Uhlig.	12-14
Installations, Recent Heat-Treatment Furnace	59-63	Mould, The Thermal Relation Between Ingot and	84	Panels in Iron-Ore Wagons, The Corrosion of Mild and Copper-Bearing Steel. By L. Reeve, Ph.D., B.Sc.	23-24
Internal - Combustion Engines, Metallurgical Factors Governing the Selection of Light Alloys for ..	74	Methods for Case-Hardening, Production. By A. J. G. Smith	89-91	Production, Some Developments in Alloy Steel. By J. H. G. Monypenny	37-39
Ingot and Mould, The Thermal Relation Between	84	Metallic Lithium—Some Commercial Applications. By Stephen Coleman	92	Progress in the Foundry in 1940, Metallurgical. By J. G. Pearce, M.Sc.	40
Influence of Turbulence upon the Structure and Properties of Steel Ingots, The	95-96	Manufacture of Heat-Treatment Furnace Equipment, Improved Facilities for the	93-94	Pig Irons, The Metallography of Inclusions in Cast and	41-42
Industrial Problems, Present and Post-War	97	Manufacture and Future Applications of High-Strength Aluminium Alloy Extrusions, Trends in. By R. Worsdale	109-112	Powder Metallurgy, Some Scientific Problems Connected with. By E. A. Bánó, Ph.D.	51-52
Investigations of the Dry Cyaniding Process, Recent. By D. W. Rudorff, A.Am.I.E.E.	99-102	Marketing of Aluminium, The Practice of. By R. J. Anderson, D.Sc.	113-115	Progress, Electrical Engineering ..	65-68
Industry, The British Aluminium. By H. F. James	107-108	Machine Tool Industry after the War	133	Properties of Chromium Steels, Influence of the Rate of Cooling on the Transformations and	74
Investigation on Some Sources of Inaccuracy which May Arise in the Spectrographic Analysis of Aluminium Alloys, An	121-122	Machine Tool Industry, The British ..	141-143	Pressure Die-Castings—Magnesium Alloy, with Special Reference to "Elektron" alloys	75-77
Industry after the War, Machine Tool	133	Machine Tools, Development of British .. By Wm. Ashcroft ..	144-146	Production Methods for Case-Hardening. By A. J. G. Smith ..	89-91
Industrial Concentration—the Problems of Compensation and the Case for Exports. By Sir Francis Joseph, K.B.E.	134	Machine Tool Castings, Progress in. By E. Longden, A.M.I.Mech.E.	147-149	Properties of Steel Ingots, The Influence of Turbulence upon the Structure and	95-96
Industry, The British Machine Tool—Its Future	141-143	Machining Aluminium Alloys	150	Present and Post-War Industrial Problems	97
Investigation of the Aluminium-Cobalt Iron System, An X-ray ..	160	Metallography of Graphite Flakes, The Polishing of Cast-Iron-Microspecimens and the .. By H. Morrogh	151-154	Problems, Export Trade	98
Installation for the Heat-Treatment of Forgings, A Large Gas-Fired ..	161-163	Marketing of Aluminium, The Practice, Part II. By R. J. Anderson, D.Sc.	154-156	Prolonged Heating at 80° C. on Copper Wire, The Effect of. By E. Voce, Ph.D., M.Sc.	103-104
Iron and Steels in the United States, Atmospheric Exposure Tests on Copper-Bearing and other	178	Mining Record, Canada's New ..	156	Practice of Marketing of Aluminium, The. By R. J. Anderson	113-115
Iron, Hot-Tinning Cast	186-187	Machining Copper Alloys	157-158	Production in the British Empire, Aluminium. By Norman L. Brown	115-116
		Metallurgical Laboratory, The Application of the Polarograph in ..	158	Prospects in the Utilisation of Aluminium, Further. By William Ashcroft	117-120
L		Manganese Melts, The Reactions of High-Iron	160	Physical Properties of Annealing Characteristics of Standard Phosphor-Bronze Alloys, The. By Maurice Cook, D.Sc., Ph.D. and W. G. Tallis	135-139
Leadership in Industry	5				
Layers, Micro-Hardness of Metals in ..	33-34				

	Page		Page		Page
Progress in Machine Tool Castings, By E. Longden, A.M.I.Mech.E. 147-149		Selection of Light Alloys for Internal Combustion Engines, Metallurgical Factors Governing the	74	V	
Polishing of Cast Iron Micro-Specimens and the Metallography of Graphite Flakes. By H. Morrogh 151-154		Steels, Influence of the Rate of Cooling on the Transformations and Properties of Chromium....	74	Vanadium Steel in an Undercooled Condition, The Austenitic Decay of	166
Practice of Marketing of Aluminium. Part II. By R. J. Anderson, D.Sc. 154-156		Some Hot-Rolling Tests.....	78	W	
Polarograph in a Metallurgical Laboratory, The Application of 158		Stampings, Zinc Alloy Dies for Aircraft	78	Welding of Stainless Steels, Oxy-Acetylene. By L. Sanderson.....	55-56
Post-War Reconstruction Based on Price Stabilisation	165	Steel, A New Die. By L. Sanderson, 80		Wheel Fabrication, New Synthetic Resins in Abrasive.....	70
Powder Metallurgy, Recent Research in Problems of. By D. W. Rudorff, A.Am.I.E.E.	167-170	Semi-Finished Steel, The Conditioning of Surface Defects in.....	85-88	Wire, The Effect of Prolonged Heating at 80° C. on Copper. By E. Voce, Ph.D., M.Sc.....	103-104
Properties of Martensite on the Surface of Rope Wire, The Formation and. By E. M. Trent, M.Met., Ph.D.....	171-174	Structure and Properties of Steel Ingots, The Influence of Turbulence upon the.....	95-96	Welding of Light Alloys, The Spot... ..	112
Practice of Marketing Aluminium, Part III.—The. By R. J. Anderson, D.Sc.	179-181	Supplement, Foreword to Aluminium. By Col. W. C. Devereux 107-108		War, Machine Tool Industry after the	133
Q		Spot-Welding of Light Alloys, The 112		Wire, The Formation and Properties of Martensite on the Surface of Rope. By E. M. Trent, M.Met., Ph.D.	171-174
Quenching Stresses in Aluminium Alloys	187	Some Sources of Inaccuracy which may Arise in the Spectrographic Analysis of Aluminium Alloys. An Investigation on.....	121-122	X Y Z	
R		Standard Phosphor-Bronze Alloys, The Physical Properties of Annealing Characteristics of Standard. By Maurice Cook and W. G. Wallis	135-139	X-Ray Investigation of the Aluminium-Cobalt-Iron System, An 160	
Resistance of Aluminium-Magnesium Alloys to Attack by Sodium-Carbonate Solutions	15-16	Solid Aluminium, Diffusion in....	140	Zinc Alloy Castings, Developments in. By E. E. Halls.....	47-50
Recent Heat-Treatment Furnace Installations	59-63	System, An X-Ray Investigation of the Aluminium-Cobalt-Iron....	160	Zinc Alloy Dies for Aircraft Stampings.....	78
Resins in Abrasive Wheel Fabrication, New Synthetic.....	70	Stabilisation, Post-War Reconstruction Based on Price.....	165	Zinc Alloys, Electroplating Die-Cast. By E. E. Halls.....	129-132
Rate of Cooling on the Transformations and Properties of Chromium Steels, Influence of the.....	74	Steel in an Undercooled Condition, The Austenitic Decay of a Vanadium	166	Zinc-Base Die Castings, Organic Finishes on. By E. E. Halls.....	182-186
Rolling Tests, Some Hot.....	78	Specimens, Corrosion Fatigue of Notched Cast-Iron.....	170	REVIEWS OF CURRENT LITERATURE	
Relation Between Ingot and Mould, The Thermal.....	84	Surface of Rope Wire, The Formation and Properties of Martensite on the. By E. M. Trent, M.Met. 171-174		The Iron and Steel Industry.....	30
Recent Investigations of the Dry-Cyaniding Process. By D. W. Rudorff, A.Am.I.E.E., F.Inst.F. 99-102		Silicide Alloys, Complex Copper-Cobalt	174	Specifications for Aluminium and Aluminium Alloy Products	30
Reactions of High-Iron Manganese Melts, The.....	160	Silicon-Aluminium Alloy Pistons, Unsoundness in Gravity Die-Cast	177	A Practical Welding Course.....	63
Reconstruction Based on Price Stabilisation, Post War	165	Steels in the United States, Atmospheric Exposure Tests on Copper Bearing and other Irons and....	178	Transactions of the American Institute of Mining and Metallurgical Engineers, Vol. 140....	63
Resistor Furnaces, High Temperature Metallic	175-177	Stresses in Aluminium Alloys, Quenching	187	Methane — Its Production and Utilisation	64
S		T		Chrome Ore and Chromium.....	64
Steels in the Foundry, Medium Manganese. By H. Taylor, B.Sc. 1-2		Tin and Industry in 1940.....	31-33	Bibliography of Spectrochemical Analysis	64
Secondary Non-Ferrous Metals ..	6	Thin Layers, Micro-Hardness of Metals in	33-34	The Technology of Magnesium and Its Alloys	159
Solutions, Resistance of Aluminium-Magnesium Alloys to Attack by Sodium Carbonate	15-16	Testing of Micro-Specimens, Micro-Constituents and Minerals, The Hardness. By Hugh O'Neill, M.Met., D.Sc.	71-74	Empire Mineral Resources and their Relation to the War Effort.....	189
Stainless Steels, The Electrolytic Polishing of. By H. H. Uhlig. 12-14		Transformations and Properties of Chromium Steels, Influence of the Rate of Cooling on the.....	74	The Sampling and Chemical Analysis of Cast Ferrous Metals.....	189
Steel, Non-Metallic Inclusions in Quantitative Evaluation. Part I. By W. H. Hatfield, D.Met., F.R.S., and G. W. Giles, B.Sc.....	18-22	Tests, Some Hot-Rolling.....	78	Chemical Analysis of Aluminium..	189
Steel Panels in Iron-Ore Wagons, The Corrosion of Mild and Copper-Bearing. By L. Reeve, Ph.D., B.Sc.....	23-24	Tubing, Electrical Detection of Flaws in Metallic.....	79-80	The Monel Notes—23.....	190
Stainless Steels, Nitriding.....	24	Thermal Relation Between Ingot and Mould, The.....	84	RECENT DEVELOPMENTS IN MATERIALS, TOOLS AND EQUIPMENT.	
Secondary Aluminium	36	Turbulence upon the Structure and Properties of Steel Ingots, The Influence of.....	95-96	The Manufacture and Use of Cemented Carbides.....	30
Some Developments in Alloy Steel Production. By J. H. G. Monypenny	37-39	Trade Problems, Export	98	High-Speed Tension Tests at Elevated Temperatures.....	90
Steels, Making High-Grade	39	Trends in Manufacture and Future Applications of High-Strength Aluminium Alloy Extrusions. By R. Worsdale.....	109-112	Sternopal Dilutometer	90
Steel, Developments of Low-Alloyed High-Speed. By D. W. Rudorff, A.Am.I.E.E.....	43-46	Tools, Development of British Machine. By Wm. Ashcroft	144-146	The Hilger Non-Recording X-Ray Micro-Photometer	190
Some Scientific Problems Connected with Powder Metallurgy. By E. A. Bánó, Ph.D.....	51-52	Tool Castings, Progress in Machine. By E. Longden, A.M.I.Mech.E. 147-149		Plant for the Melting of Aluminium and Its Alloys	190
Scrap for Aircraft Materials, Increased Uses of Aluminium Alloy. By H. F. James.....	52	Tests on Copper-Bearing and other Irons and Steels, in the United States—Atmospheric Exposure..	177	Arkon Seat-in Sleeve Valve.....	190
Steels, Oxy-Acetylene Welding of Stainless. By L. Sanderson.....	55-56	U		BUSINESS NOTES AND NEWS	
Some New Ferrous and Non-Ferrous Alloys: Their Composition and Uses	57-58	Ultrasonics, The Examination of Metals by. By A. Behr, B.Sc....	7-11	New Metallurgical Base near Lake Omega.....	83
Steel, Fundamental Effects of Molybdenum in	58	Utilisation of Aluminium, Further Prospects in the. By Wm. Ashcroft	117-120	New Metallurgical Works.....	83
Synthetic Resins in Abrasive Wheel Fabrication, New.....	70	Unsoundness in Gravity Die-Cast Silicon-Aluminium Alloy Pistons 177		Import Licensing of Chemicals....	128
